## **Art History – with Linda Yang**

18 x sessions scheduled for Wednesday Evenings 6.00-8.00pm Term 1 & 3 (9 weeks in each term)  
Term 1 Art History begins on Wednesday 10 Feb.

Classes in Art History will help you become more informed and engaged with the visual arts. There is no additional course cost to you, and the benefit will be immeasurable. These classes are all conducted via Zoom and you will be sent an access link for each session.

## **Workshop – Critical Thinking – with Deborah Crowe *What Do You See?***

Saturday 15 May 1.30 – 5.30pm

This session will help you get used to describing what you see in artworks (beginning critical thinking) and how that impacts on your response to these. Providing a framework of reference terms and approaches to viewing artworks forms a beginning contextual and critical eye. This builds confidence in knowing what to say about artworks... i.e. looking at students' own exercises/work, peers' and art in galleries/books etc.

## **Course Outline**

This course provides a comprehensive introduction to learning to draw and paint and is ideally suited to those who wish to become more intensely involved from the outset. In a congenial, supportive studio environment, learning becomes fun and productive.

The course structure has been developed to help participants to re-connect with the language of both drawing and painting. Aspects of observation and the processes of seeing are delivered gently and without pressure.

The first half of the year moves at a fast but manageable pace, covering the basic but fundamentally important principles of line, tone, composition, perspective, colour and the application and mixing of paint.

As the course progresses, more in-depth projects are integrated into the learning structure. Through observation you are introduced to abstraction and pictorial structure, to transparency and opacity, to surface, depth and application.

On completion of this course you will be able to draw and paint with greater confidence and will have practiced the visual fundamentals should you wish to attend the year-long course Painting 2 – Painter's Progress.

## **Outcomes**

At the conclusion of this year it is anticipated that your work will have progressed to a level that offers a clearer idea of directions for further study and specialisation. It is expected that you will have developed your ability and potential to engage in artistic practice in a personally more meaningful, thoughtful and professional manner. Additionally, it is hoped that the contact with like minds that this course affords will continue to provide future possible networks long past its conclusion.

## **Teaching Strategies**

At the very least you can expect weekly feedback on your progress from your tutor(s), either individually or within a class discussion or critique. We will endeavour to:

- Create an enjoyable, positive and supportive working environment.
- Identify and offer practical advice both individually and collectively.
- Provide support for each student in establishing working processes, strategies and clarification of working direction and aims.
- Encourage class debate and philosophical discussion.
- To give honest, constructive and open feedback with regard to each student's work and to be objective and fair in all critiques.
- Be respectful of each student's individuality.

## Expectations of You

As a student in this class you are expected to:

- Arrive promptly for each session.
- Be well prepared for each class e.g. materials, working plan and strategies.
- Be realistic as to your progress and expectations, especially if you have limited time outside of class to pursue your work, or have circumstances that arise beyond your control that make class attendance temporarily difficult
- To help achieve the aims of the course you will be required to do some work in your own time: e.g. gallery visits, relevant reading and keeping a visual diary.
- Be open, generous and respectful in your professional dealings with fellow students.
- During the first hour of the day mobile phones switched off please or on silent vibrate alert (except in emergencies).
- Your tutors are here to help and advise, please be patient as you may not be the only student needing attention.

## Painting I - End of Year Exhibition

At the conclusion of the year there will be a curated exhibition of work produced during the second half of the year. This is a celebration of course achievements and provides an invaluable experience in professional practice. *Dates as indicated in timetable on page 1.*

## Workbook

Your workbook provides a personal record of your art-making. It may include things seen or thought. There may aspects that you develop and explore further and those that remain as undeveloped visual references.

Ways of recording these ideas might include: drawings, conscious/subconscious meanderings, clippings, technical information, writing, criticisms, observations, class handouts

The most useful aspect of a workbook is that it is a visual storehouse that you can access as you need. It is also a useful way of implanting information into the memory. A workbook is also a way of allowing people to see 'inside your head' and as such is very useful for your tutors as a way to help you find your direction, through visual communication.

## Term 1, 2021 – weekly (8 weeks)

1/ KS - **Line**- an introduction to drawing and observation, contour drawing, positive form and negative space.
